GLAZED BRICK COLLECTION
POLYCHROME

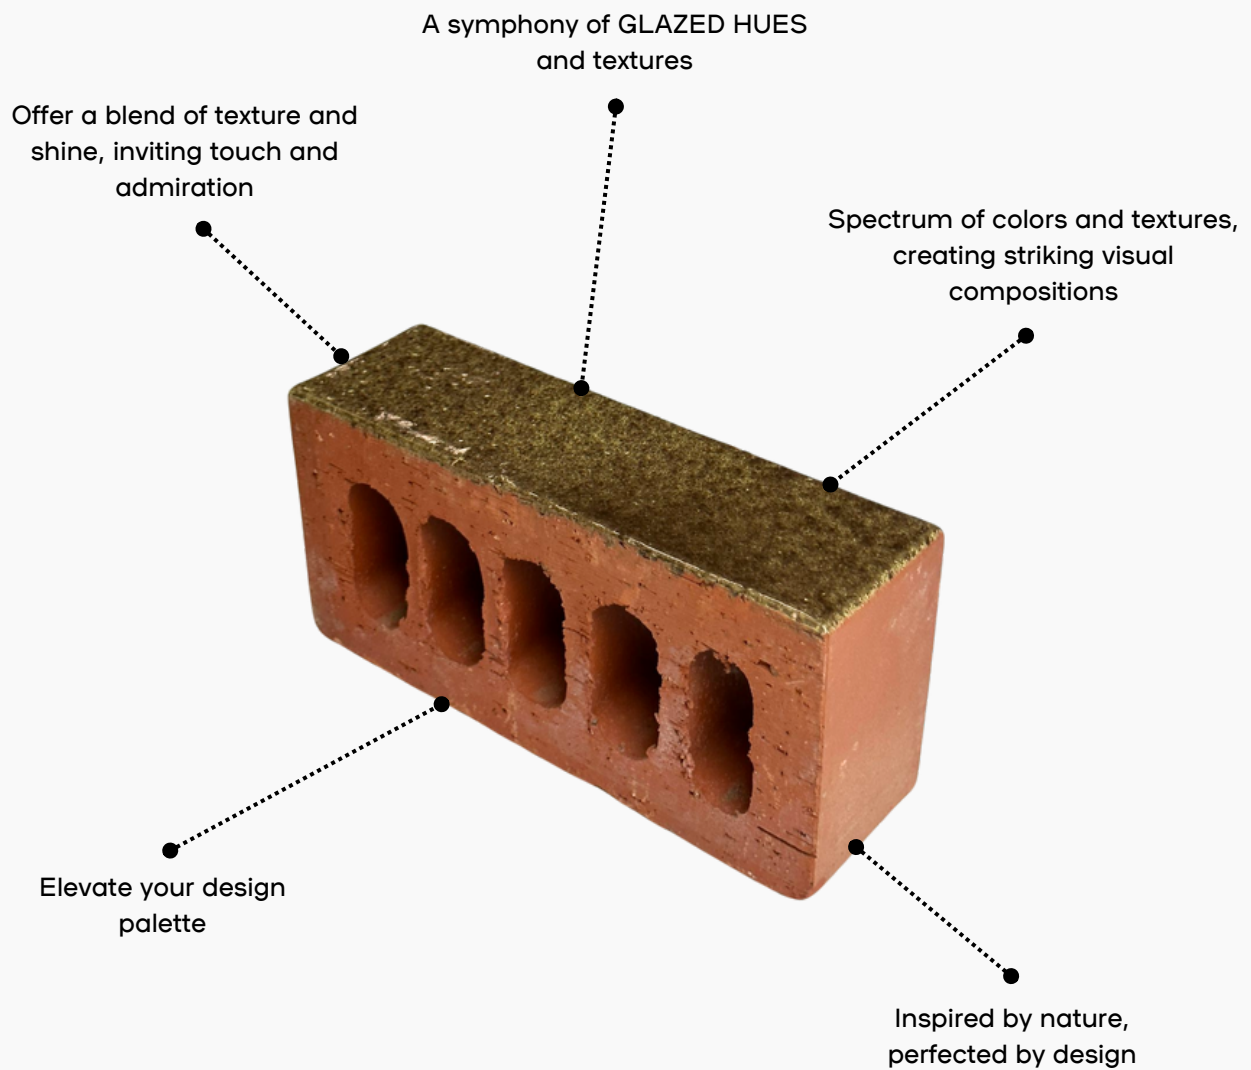

LOHASAU.COM

Polychrome Bricks durable glaze layer opens various colour options, creating stunning reflections. Our customisable palette provides durable and vibrant finishes for facade and decorative applications.

Key Features include patterns that can be crafted by combining brick shapes or angles, offering a variety of finishes to match your chosen style. We can create specific shades based on the RAL colour chart and our standard colour options.

Our selection includes bespoke and special shapes to meet your unique needs. Due to the materials and coating used, our glazed bricks are naturally fire-resistant.

Their smooth surface makes them easy to maintain and clean. Glazed bricks undergo a second firing in the kiln, making them durable and long-lasting, with colours that won't fade over time.

AVAILABLE FOR:

- GLAZRD HEADER - STRETCHER
- GLAZED HEADER - STRETCHER - HEADER
- SLOTTED BRICK GLAZED HEADER - STRETCHER - HEADER
- GLAZED BRICK FACE SLIP
- CORNER GLAZED BRICK FACE SLIP

Glazed bricks have been an integral part of the architectural landscape for thousands of years.

Glazed bricks have been an integral part of the architectural landscape for thousands of years.

Their distinct characteristics set them apart from other brick products and their impervious surface makes them extremely durable and resistant to staining, perfect for high traffic areas.

Available in a wide variety of colours, finishes and textures.

The only limitation is your imagination.
